EDUCATION

Ph.D. in Economics and Finance, Hanyang University Mar 2024 – Present

M.A. in Economics and Finance, Hanyang University Sep 2022 – Feb 2024

- GPA: 4.38 / 4.5 | Thesis Advisor: Prof. Daeha Cho
 - Thesis: *Power of Forward Guidance When Preferences are Quasi-hyperbolic*
 - Comprehensive Examination (Qualifying Exam): Passed Macro, Micro, and Math Econ in the 2nd semester of M.A..
 - Accelerated Degree: Completed M.A. in 3 semesters via Hanyang Accelerated Program.

B.A. in Economics and Finance, Hanyang University Mar 2017 – Aug 2022

- GPA: 3.78 / 4.5 (Cum Laude)
 - Graduate Coursework: Completed International Finance Theory (A+) & Economic Statistics (A+).
 - Military Service (Republic of Korea Army): Nov 2020 – Jun 2022

RESEARCH INTERESTS

Macroeconomics, Monetary Economics, Applied Macroeconometrics.

WORKING PAPERS

“When Volatility Pays: U-Shaped Exchange-Rate Exposure and the Option Value of Exporting in Korean Manufacturing” (2026)

Solo-authored working paper. U.S. Ph.D. writing sample.

- **Findings:** Identifies a U-shaped FX volatility effect on ROIC and a 5-year structural depression from entry sunk costs.
- **Data:** Administrative microdata panel (971,000+ firm-years, 2016–2022) via KOSI.
- **Methods:** Correlated Random Effects, Staggered DiD, System GMM, Quantile Regression.

“Power of Forward Guidance under Quasi-Hyperbolic Preferences” (2026)

Joint with Daeha Cho (Hanyang University). The Korean Economic Review (SSCI), under review.

- **Findings:** Resolves the forward guidance puzzle via quasi-hyperbolic discounting in a New Keynesian model.
- **Implications:** Finds a neutral effect on optimal ZLB duration due to offsetting recession-severity and policy-effectiveness.
- **Methods:** Non-linear DSGE (MATLAB/Dynare), analytical determinacy, optimal targeting rules.

POLICY PUBLICATIONS

Song, Pyun, and Choi (2024). “A Study on the SME’s Foreign Exchange Rate Risk” *Korea SMEs and Startups Institute (KOSI) Policy Research Report*. [In Korean]

HONORS AND AWARDS

- **Best Dissertation Award**, Hanyang University Feb 2024
 - University-wide (top 10 M.A. graduates); 1 of 2 recipients in Humanities & Social Sciences.
- **Brain Korea 21 (BK21) Research Fellowship**, National Research Foundation of Korea (NRF Korea) 2023 – 2024
 - Competitive national fellowship for high-performing graduate researchers with merit-based.
- **Accelerated Bachelor’s–Master’s Scholarship**, Hanyang University 2022 – 2023
 - Merit-based 50% tuition waiver for accelerated graduate track.
- **SURF Teaching Assistant Scholarship**, Hanyang University Summer 2023
- **National Excellence Scholarship (Humanities Korea 100)**, NRF Korea 2021 – 2022
 - Full-tuition merit scholarship; multi-stage national selection for top humanities students.
- **University President’s Award for Achievement**, Hanyang University May 2021
 - In recognition of 2nd place national ranking at the TESAT.
- **Grand Prize (2nd Place Nationally)**, Test of Economic Sense And Thinking; TESAT Sep 2020
 - Grade S (highest tier); nationwide economics proficiency exam.

PRESENTATIONS

“Power of Forward Guidance under Quasi-Hyperbolic Preferences”

- Summer Meeting of the Korean Econometric Society, Graduate Student Session Jun 2024

- Korea's Allied Economic Associations Annual Conference, Graduate Student Session Feb 2024
- Asia-Pacific Symposium on Economics and Finance, Special Session for Ph.D. Students Nov 2023
– *Invited as the only M.A. student presenter in the Ph.D. special session.*
- Graduate Macroeconomics Brownbag Seminar, Hanyang University Nov 2023

RESEARCH AND TEACHING EXPERIENCE

- **Researcher**, Gyeonggi Research Institute (GRI) Feb 2025 – Jul 2025
– Basic Machine Learning Project model setup (XGBoost, LightGBM, Random Forest).
- **Research Assistant**, Korea SMEs and Startups Institute (KOSI) Jun 2024 – Aug 2024
– SME FX Risk Analysis: Conducted preprocessing and empirical analysis using administrative microdata.
– Data Infrastructure: Developed the firm-level administrative panel utilized in current solo working paper.
- **Research Assistant to Prof. Daeha Cho**, Hanyang University Mar 2023 – Feb 2024
– Monetary Economics: Contributed to New Keynesian modeling and forward guidance research.
- **Undergraduate Research Fellowship (SURF)**, Hanyang University 2021 – 2022
– RA to Prof. Daekeun Park (2022): Contributed to the study on Non-Performing Loans (NPLs) and macrofinancial feedback (H. Kang, 2022); Processed cross-country banking crisis data by merging IMF FSI/FAS datasets; Conducted outlier detection using Tukey's fences and replicated Panel VAR impulse response functions.
- **Seminar Leader (Graduate Qualifying Exam)**, Hanyang University Oct 2024
– Macroeconomic Theory: Led seminar for M.A./Ph.D. peers on RBC solution methods by peer invitation.
- **Teaching Assistant to Prof. In-Koo Cho**, Hanyang University Mar 2024 – Jul 2024
– Economics of Information and Uncertainty.
- **Teaching Assistant to Prof. Daeha Cho**, Hanyang University Mar 2023 – Feb 2024
– Introductory Mathematics of Economist, Macroeconomics 1, Money and Banking.
- **Teaching Assistant (SURF Program)**, Hanyang University Summer 2023
– Mentorship: Guided undergraduate groups on graduate-level macro papers (Graves, 2023; Bilbiie et al., 2022) regarding inequality and business cycles.

PROFESSIONAL DEVELOPMENT

Tools for Macroeconomists: Advanced & Essentials Summer 2024

- **Curriculum:** Intensive training in HA/DSGE modeling, dynamic programming, and non-linear solution methods.
- **Instructors:** Prof. Pontus Rendahl (Copenhagen) and Prof. Petr Sedláček (UNSW).

ADVANCED MATHEMATICS COURSEWORK

- **Real Analysis I** (Analysis I), Korea University, Mathematics (via National Institute for Lifelong Education, NILE)
- **Real Analysis II** (Advanced Calculus II), Hanyang University, Mathematics
- **Linear Algebra I**, Hanyang University, Mathematics Education
- **Linear Algebra II**, Hanyang University, Mathematics
- **Calculus I**, Hanyang University, STEM/Mathematics

RELEVANT COURSEWORK

- **Core Theory:** Macroeconomic Theory (A+), Microeconomic Theory (A+), Mathematical Economics (A+)
- **Econometrics & Empirical Methods:** Applied Econometrics (A), Panel Data Analysis (A), Time Series and Big Data Analysis (A+), Economic Statistics (A+)
- **Field Courses:** Theory and Application of Business Cycles (A+), International Finance Theory (A+)

SKILLS AND TEST SCORES

Programming and Software: MATLAB, Dynare (DSGE), Stata, R, L^AT_EX

Test Scores: GRE General: Quantitative 167. TOEFL iBT: CEFR-C1, 5.0/6.0(100/120).

Languages: Korean (native), English (professional fluency)
